GENDERX SURE™

When Gender Matters

The best choice for
gender selection

99.9999%
accurate gender
selection
technique

IVI Gen X

Introducing GenderSure

GenderSure™, available exclusively through IviGen, is the world's first PGS technology developed expressly to maximize the accuracy of gender identification.

GenderSure™ improves traditional aCGH screening by adding additional proprietary gender confirmation steps that bring the accuracy of gender selection to greater than 99.9999%.

GenderSure enhances traditional aCGH screening by utilizing a combination of proprietary of  gender specific primers during a confirmatory PCR step.
